...e White Star liner Cretic sai... from Commonwealth pier for Naples and Genoa yesterday, after arriving from New York earlier in the day. At this port this vessel took on 25 saloon, 23 second cabin and 159 third class passengers. Jan. 7. 1921

Among the Greater Boston persons on board as the steamer left were Judge Jabez Fox, a former justice of the Massachusetts superior court; Mrs. Fox, Miss Elizabeth D. Walker of Malden and Miss Elizabeth I. Walker of Brookline, the two latter nieces of Judge Fox. The party will tour Italy, Spain and the Riviera and will return to Boston in June in order that Judge Fox may participate in the golden jubilee of his class at Harvard.

The steamer's departure was delayed for some time by the late arrival of a New Haven passenger. Gaetano Arrichielli was returned to Italy on the vessel for failure to pass the literacy tests. He arrived in Boston on the Cretic on its last trip from the Italian ports.

The return of the Cretic to Boston will depend upon whether the Italian government prohibits the immigration of citizens of that country to the United States. Officials of the line stated that the Cretic will probably not continue its present service if Italian immigration is prohibited. Manager S. J. Jackson of the White Star line, said shortly before the vessel sailed that he hoped the situation would be cleared in a manner satisfactory to both the United States and Italy.

VE IMMIGRANTS IN BOSTON IN MONTH

BOSTON, Feb. 2—Boston's immigration last month amounted to five persons who made up the total of passengers from Europe landed here. None of the regular liners put in an appearance at the port in that period, according to maritime records. It is expected that during the present month the number will reach 5,000.

The Baltic American Line contemplates sending its ships to Boston while congested conditions obtain at Ellis island, N. Y., and inquiries have been made as to facilities for debarkation and handling immigrants here. The company operates the Polonia, Lutania and Estonia between Libau, Danzig, Hamburg and New York. That the Princess Matoika of the United States Mail Steamship Company, now in the Mediterranean, will come here for examination of passengers is probable. Expedition with which Boston immigration officials examined 2100 passengers arriving Monday on the company's Susquehanna is the subject of favorable comment.

Patria in Quarantine

The Boston-Liverpool service of Furness-Warren Line will be resume April 28 with sailing of the Sachem, which has accommodations for 60 cabin passengers. On May 17 the Digby will depart from here and other sailings are contemplated at intervals of three weeks through the summer and fall. Calls will be made at Halifax and St. John's to land or take on passengers and freight and the passage is expected to occupy about 15 days. The Sacheum has been in the Warren Line service many years. Terminal facilities have been arranged for at pier 50, Mystic wharf.

Today the White Star liner Cretic will call here, on the way from New York for Naples and Genoa, to embark 20 saloon, 30 cabin and 200 steerage passenger. Among those listed are E. C. Moffatt of the International Mercantile Marine Company, who, with Mrs. Moffatt, will spend several weeks in southern Europe; Mr. and Mrs. J. P. Beach of Pinckney street, the Rev. M. A. Silva of Fall River, who is going to Azores, and L. M. Rossi of Boston.

The Cunarder Pannonia, from Trieste, Italian ports and Gibraltar for New York, is expected to land 98 cabin and 863 steerage passengers at the company's terminal, East Boston, during the day unless detained by quarantine regulations. The Polish-American liner Gdansk, from Danzig with 400 passengers, is due today, but the passengers may be detained at Deer island and Rainsford island a matter of 12 days subsequent to disinfesting.

Among the passengers sailing today for the tropics on the new liner San Gil of the United Fruit Company is F. W. Priebo of Somerville.

United States Mail Line Steamer New Rochelle Arrives Here from Bremen

The United States Mail Line steamer, New Rochelle, arrived in port this morning from Bremen with 140 saloon and 616 steerage pasengers. Owing to the fact that the vessel was unable to get a clean bill of health from Danzig, 1100 passengers who had booking for the trip were forced to remain in that port. On the third day the steamer ran into a hurricane, but succeeded in riding out the gale. Heavy seas swept over the ship and smashed several life boats.

The Mail Line is taking 1200 bers from the steamship George Washington and transferring them to the hospital at Deer Island, where aliens will be detained during the delousing process. The passengers, who were left in Danzig, will be brought to Deer Island by the Susquehanna.

The White Star liner Canopic left Naples Sunday for Boston with 43 saloon, 339 cabin and 875 steerage passengers. Calls will be made at Gibraltar and Ponta Delgada. The liner will be due to arrive about April 10.

Fog has delayed several ships inward bound and, during yesterday, they remained at anchor well out in the bay. Since Saturday night navigation had been hazardous owing to vapor.

The Baltic-American liner Polonia, from Danzig to Libau, with 200 passengers, should arrive in the lower harbor today and passengers are to be sent ashore for bathing.

Tomorrow the Susequehanna of the United States Mail Steamship Company, from Bremen and Danzig with 71 cabin and 2050 steerage passengers, is expected to arrive here and, after landing passengers, 75 per cent. of whom are Hebrews, will proceed to New York. On Thursday the Pocahontas of the same line, from Genoa and Naples, with 171 cabin and 1631 steerage, is expected to put in an appearance. The Anchor Line steamship Italia, from Fiume, Trieste, Dubrovnik, Vigo and Gibraltar, with 57 cabin and 979 steerage, is looked for April 2.

fleet of steamers from foreign ports arrived in the harbor yesterday, bringing large and valuable cargoes of a varied nature. Principal of these was the Baltic-American line steamer Polonia, from Libau, Danzig and Copenhagen, with 244 cabin and steerage passengers. She did not get beyond Quarantine, and last night proceeded to New York. The passengers were first batned at Gallup's Island, and then, because the ship was without a clean bill of health, were transferred to Rainsford Island, where they will stay for 12 days. A total of 28,743 passengers from foreign countries have arrived at this port since Jan. 1, while the number of arrivals for last year aggregated 25,996. During February there arrived 16,993 and, this month, 11,745. Practically all the passenger carriers ordinarily serve New York but were diverted to Boston to relieve congestion. The immigration service headed by Deputy Commissioner Macomber, has handled the added business in a manner that has elicited praise from steamship officials. The public health service and customs have performed more work thus far this year than would be the case in a normal period of 15 months and little if any assistance from outside the district has been allowed by the authorities at Washington.

...uring March there were 95 steamer. ...d seven schooners entered here from foreign ports, and the number of passenger arrivals in the month totalled 12,380 from overseas, 645 from Canada and 20 from West Indies and Central America, a grand total of 13,015.

Delayed nearly 24 hours by adverse weather, the U. S. Mail Steamship Company's steamer Pocahontas arrived at Quarantine at 6 o'clock last night from Genoa and Naples and came to anchor for the night. Starting at 7 o'clock this morning, the port physicians will examine the 171 cabin and 1631 steerage passengers, and if no sickness is discovered the liner will probably be released. The steamer will probably make Commonwealth pier at 9 o'clock.

The increasing number of aliens attempting to gain admission into this country from Europe and elsewhere has caused the immigration authorities at Boston and other American ports to call for rigid enforcement of the ruling of former Secretary of Labor William B. Wilson that stowaways, except those who can prove American citizenship, be held on board the steamers on which they arrive.

C[illegible]ETIC IS A DAY AHEAD OF SCHEDULE

The White Star liner Cretic is due to arrive in Boston Wednesday morning from Genoa, Naples and the Azores, according to a wireless message received today from Capt. Morehouse. She is 24 hours ahead of schedule. She will bring 42 cabin passengers, 356 second class and 1,89 steerage passengers, most of them Italian immigrants and a number of them Italian reservists returning here after service in the Italian army.

The ship was given a clean bill of health by the authorities in Naples, and it is therefore believed she will not be detained here at quarantine, except for the regular short inspection. It is estimated she will arrive off Commonwealth pier Wednesday at 9 A. M.

Major Tully Urges Americanizing Plan

ATLANTIC CITY, April 28.—An appeal for a National Americanization policy, backed by appropriate egislation and supported by adequate public funds, was voiced by Major Francis W. Tully of the Boston Chamber of Commerce at the Americanization group session of the annual meeting of the Chamber of Commerce of the United States.

Major Tully declared that Americanization is essentially a neighborhood problem and must be carried out eventually on a neighborhood basis.

This method, he said, has proved very successful in Boston under the direction of the local Chamber of Commerce and has met with approval everywhere. The "Boston plan," he said, has also been adapted to a number of other cities where he problem is great.

Mr. Mahoney met with the board and presented his plan, approved by Mr. Smith, outlining the continuance of present cooperation and extension of similar cooperation through the utilization of the services of Miss Power Field Sec. He discussed the detail of the plan and answered questions from board members. ~~It was~~ A general discussion of the difficulties of registration of both newcoming immigrants and those already resident in the Commonwealth took place. Letters were read by Mrs Thayer from Commissioner Uhl, Mr. Riley of New York, Miss Abbot of Illinois concerning detail of procedure.

Mr. D'Allesandro thought similar results could be secured by giving newcomers cards at pier suggesting that they seek this office when inquiring for information & educational opportunities

Thursday MAY 12, 1921

Mr. Kendall suggested sending a form letter to the different states to interest them in making a joint request that information be sent to all states interested of names & addresses of new arrivals

Mr. Pinanski disapproved & suggested trying out the matter by securing names at port of Boston and utilizing them before making a request at Washington or stimulating other states to make requests.

~~It was finally~~ On motion made by Mr. Pinanski & seconded by Mr. Kendall it was Voted

to give Mrs Thayer blanket authority to make such propositions to Mr. H. regarding the subject as seemed in her best judgement to facilitate proper securing of such information.

Mr. Mahoney then left the meeting and on motion of Mr. K. seconded by Mr. P. it was

Voted that the Division to cooperate with Mr. Mahoney according to his suggestions.

AGREE ON PLAN TO LIMIT IMMIGRATION

Will Restrict Nationalities to Three Per Cent. of Those Now Here

WASHINGTON, May 11—Conferees on the immigration restriction bill agreed today to retain the plan of limiting immigration inflow by nationalities next year to three per cent. of the number from each nation now in the United States, but struck out House proposals to exempt from these restrictions persons subject to religious persecution and those who had left this country temporarily. The House exemption in favor of children under 18 years of parents in this country was retained.

The conference report will be presented first to the House with prospects of prompt ratification by both bodies. By conference agreement the restrictions would become effective 15 days after signature by the President.

In essential features the conference measure is almost identical with that vetoed by former President Wilson.

Foreign arrivals at this port during last month numbered 71 steamers and 54 schooners, a total of 125. There ar-

rived from transatlantic ports 65 first class, 1615 second class and 2376 steerage passengers, a normal number. Only two New York-bound liners, diverted because of conditions at that port, were included in the arrivals, the remainder being the liners regularly employed to Boston. From Canadian ports there arrived in May 170 passengers, while 50 came from West Indies and Central American ports. Ten cattlemen and seven dozen stowaways were also listed in the month's arrivals.

THE LANDSMAN.

Just too late to pass quarantine the big American steamship Princess Matoika of the U. S. Mail Steamship Company arrived in the outer harbor at 7 o'clock, last night, from Genoa and Naples. She has on board 239 cabin and 1109 steerage passengers, the latter being mainly Italian immigrants coming to America for the first time. It is expected the Matoika will be at Commonwealth pier, South Boston, by 10 o'clock.

Thursday
Friday JUNE 9, 19.....

Potomac due.

No new developments relative to aliens held on the Canopic at Commonwealth pier came yesterday and the International Mercantile Marine Company has decided to hold the liner here till Saturday. In the meantime the percentage law may be relaxed to allow the 1040 Italians and 125 Portugese to land. Otherwise they will be transferred to Deer island on one of the city steamers to await return of the Canopic, June 19, on her way to Mediterranean ports.

A steamship service between Boston and Ireland will soon be inaugurated by Moore & McCormack of New York, it was announced yesterday by Rogers & Webb of State street, this city, local representatives. The American steamship Eastern Belle is to make the first sailing, calling here June 26 and departing the following day. Cargo will be received for Cork, Dublin, Belfast, Sligo, Londonderry and Limerick. Berthing facilities have been obtained at pier 41, Hoosac docks, Charlestown. About 500 tons of cargo have been booked.

A consignment of 6,400,000 pounds of raw sugar arrived yesterday from Jucaro, Cuba, in the Dutch steamship Sasenheim which will unload at the American refinery wharf, South Boston. The ship called at Norfolk to replenish bunkers.

The Potomac of the United States Mail Steamship Company, is expected to arrive from Bremen with 94 cabin and 517 steerage passengers, having originally been destined for New York. The ship will berth at Commonwealth pier, late in the afternoon and will be the first to reach here since the new law restricting immigration became operative.

COX NAMES WOMAN TO COMMISSION

Appointments to Board for State Government Study

Gov. Cox yesterday sent to the executive council the names of four men and one woman selected to serve with members of the Legislature on the special commission which during the summer will make an exhaustive study of the entire scheme of state government.

The appointees are: Edward S. Webster of Newton, of the firm of Stone and Webster; Charles F. Weed of Brookline, vice-president of the First National Bank of Boston; Adolph Ehrlich, executive head of the firm of C. F. Hovey Company; George U. Crocker, former treasurer of the city of Boston and Miss Marion Churchill of Arlington, president of the women's educational and industrial union.

The legislative members of the commission, appointed by President Allen and Speaker Young just before prorogation, are: Senators Pearson of Lowell, Hardy of Huntington and Emery of Newburyport and Representatives Early of Newton, Draper of Hopedale, Woodill of Melrose, Larsen of Everett and Mitchell of Springfield.

Under the resolve creating the commission, it is directed to review the work of consolidation of departments, made under provisions of the constitutional amendment adopted in 1918, and report as to whether the present division of activities conforms with the spirit of that amendment. The commission will also study the state budget system, now only a few years old, and report any improvements which may occur. It is also expected to report if any present activities of the state, entailing great expense, may be curtailed or abandoned.

he British steamer Nortonian, Cap. McCormick, arrived in Boston yesterday from Manchester and Liverpool, Aug. 19, with three passengers and a general cargo. One of the passengers, Ernest Burney, who claimed to be a British subject and an engineering mechanic, was detained by the immigration officials for an examination, which will probably be conducted this morning. George Davie and Charles Parks, Boston importers, who have been in Europe on business trips, were passed by the officials. After unloading part cargo in Boston the Nortonian will depart for New York, where the remainder of the cargo will be discharged and cargo taken on board.

ALIENS ADMITTED IN YEAR 805,228

Departures from Country Include 247,718 Immigrants

WASHINGTON, Aug. 30—Immigrants admitted to the United States during the fiscal year ending June 30 numbered 805,228, as compared with 430,001 for the previous fiscal year and with an average of 1,034,940 during the pre-war years from 1910 to 1914, it is shown in figures made public today by the bureau of immigration. Non-immigrant aliens admitted during the year numbered 173,935, making a grand total of 979,163.

Departures from the country during the last year included 247,718 immigrants and 178,313 non-immigrant aliens, a total of 426,031. In the preceding fiscal year 288,315 immigrant and 139,747 non-immigrant aliens departed.

During the fiscal year 4517 aliens were deported from the United States to the countries whence they came. These included 1268 Mexicans, 389 English, 240 Russians, 232 Germans and 246 Italians. Of the total 446 were deported on charges that they were Anarchists.

Commissioner-General Husband, in announcing the figures, said immigration rapidly was assuming its pre-war rate when new percentage immigration law went into effect. The new law barely affected immigration for the fiscal year, he said, as it did not go into effect until June 3. The commissioner estimated the law probably reduced immigration that month about 50,000.

ccording to custom house figur[illegal] ring August a total of 1667 passengers arrived here from Europe, compared with 1735 of the same month in 1920. The biggest falling off this last month was in the first-class passengers—from 428 to 129. Travel by sea from the Provinces also shows a decrease of more than 2400, or from 9871 to 7462. Last month's vessel arrivals were 85 steamships and 13 schooners from foreign ports, compared with 101 steamships and 31 schooners for August a year ago.

Vessels have recently been chartered here to bring coal from ports of the Chesapeake to Boston for $1.10 a ton and sailing vessels for $1 a ton. This is about 200 per cent lower than last September, it was said yesterday.

The International Mercantile Marine Company operating the American, Red Star and White Star lines to Europe has issued a bulletin to its agents calling attention to the fact that American citizens now no longer need customs permits to leave for Europe, and that furthermore they are not required to produce income tax receipts before sailing from an American port. These restrictions have just been removed for the first time since the beginning of the war.

Dear Sir:

We take this opportunity to thank you for your cooperation in booking a large number of passengers on our steamer "New York" which sailed for Antwerp and Danzig on Sept 14, at 5 P.M. (Standard Time) with 653 persons.

We advise you that you start immediately to book passengers for the next sailing October 20 by the S.S. N.Y. for Antwerp and Danzig and we hope you will be able to book a considerably larger number for this trip

Don't fail to emphasize the fact that those purchasing tickets early will have the benefit of second class cabins at third class rates

Wishing you all possible success,

Yours very truly

Mrs. Nathaniel Thayer to Return

At last Mrs. Nathaniel Thayer has decided to tear herself from European ties and return to Boston. She is now in Paris, but sends word she will sail on the 24th of this month. Mrs. Thayer went over early in the summer straight to Denmark, where she visited her daughter, the Countess Moltke, (Cornelia Thayer), and then travelled through Norway, Sweden, Poland and even Russia. She is sure to have interesting information on the economic and social conditions of these countries when she arrives. During her absence from her office at the State House, as commissioner of the division of immigration and Americanization, a part of the state department of education, Mrs. Herbert J. Gurney has filled the post. Mrs. Gurney and Mrs. Thayer have worked most harmoniously together since the early days of the war and it is something of Alphonse and Gaston with them—each always ready to give to the other the credit of high achievement.

The Fabre line steamship Britannia, under Capt. Mouton, arrived at Commonwealth pier yesterday afternoon from Barcelona, Marseilles and Almeria, after being held up several hours by the heavy fog. She carried eight saloon passengers, 31 second cabin and 73 third-class passengers. The port physicians found 32 of these passengers to be infested with vermin and transferred them to Gallups island for sanitary bathing.

The liner, which flies the French flag, was bound for New York originally, but was diverted here to land 5600 barrels of Spanish grapes, taken on at Almeria. She arrived at quarantine at 11:30 and at the pier at 2 o'clock.

Mrs. Gurney to Occupy Pulpi

Out Brighton way there is keen interest in the announcement that Mrs. Herbert J. Gurney will occupy the pulpit at the First Parish Church on Chestnut Hill Avenue tomorrow morning, with services beginning at 10:45 o'clock. The subject of her text will be "The New Pilgrim," a fitting theme as Sunday will be "Forefathers' Day." The Rev. Henry Hallam Saunderson, minister of the church, recently heard Mrs. Gurney give an address on immigration and found in it so much of true religion and inspiration that he immediately invited her to take his pulpit for this Sunday. Mrs. Gurney is one of the best loved women in the state. She was the war president of the Massachusetts State Federation of Women's Clubs and is now attached to the division of immigration and Americanization of the state department of education.
